ABOUT US

Established in 1977 as a family-run business, Craft Decor has over 35 years experience of Sash Window & Timber Restoration.

We have completed thousands of restoration projects for councils, schools, heritage trusts, property management companies and many homeowners, building a strong reputation based on our firm commitment to quality, attention to detail and traditional craftsmanship.

As specialists in restoring and renovating the timbers, windows and doors of listed buildings, historic and period properties, we will retain the true character of your building. We use durable, sympathetic materials and a unique combination of practical experience, traditional skills and modern techniques.

Call us for a frank and open discussion about your sash window or timber restoration project.

"THE END RESULT WAS JUST WHAT WE WANTED - BEAUTIFUL WINDOWS RESTORED TO THEIR ORIGINAL CONDITION... HIGH QUALITY SASH WINDOW RESTORATION CARRIED OUT BY RELIABLE & TRUSTWORTHY CRAFTSMEN."

SASH WINDOW REPAIR & REFURBISHMENT

Craft Decor are sliding Sash Window and Timber Casement window experts, with a proven pedigree in enhancing and improving your windows in any way you require...

From a simple overhaul to full refurbishment - we can do it all: renewing pulleys, cords, furniture, beading & putty or simply improving security.

We also offer highly efficient draughtproofing solutions and are experts in installing specialist double-glazing or sourcing and replacing authentic period glass.

All our work is carried out on-site at your property, so all we need is a nearby place to work and access to your windows. Our team is polite, friendly, clean and tidy - taking care of your surrounding property and completing on time and to specification.

We first carefully assess the condition of each window, before discussing our preferred approach, the methods we plan to use and how long we expect your project to take - keeping you informed throughout the process and confident of a job well done.

"WE CAN FEEL AN IMMEDIATE BENEFIT AND LOVE OUR 'NEW' WINDOWS - THEY LOOK GREAT, NOW KEEPING BOTH THE HEAT IN AND THE SOUND OUT. WE WOULD HAVE NO HESITATION IN RECOMMENDING YOU..."

SASH WINDOW & TIMBER RESTORATION

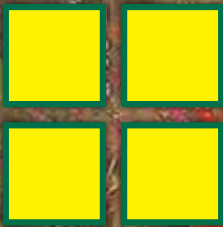

While we are highly skilled at overhauling, draught-proofing and double-glazing sash windows, the core of our business lies in restoring the actual wood of your timbers, windows and doors to its former glory.

We retain the authenticity of your timber even in the most extensive of restoration projects. All mouldings, profiles and timber species (e.g. oak sills) are matched and replaced like-for-like, either from reclaimed sources or managed forests.

With a portfolio ranging from medieval churches to Edwardian period properties, listed buildings to National treasures, we always use an optimum mix of traditional techniques, modern technologies & authentic materials to retain your property's aesthetic character to your specification.

Craft Decor are Approved 'Window Care Systems' specialists, one of Europe's leading providers of timber restoration solutions. Widely specified by Environmental Officers, Architects & Surveyors, the Window Care range can improve timber maintenance cycles and be a more cost-effective & environmentally-sound alternative to replacement.

"WE CAN HIGHLY RECOMMEND CRAFT DECOR FOR BOTH THEIR RESTORATIONS AND THEIR APPLICATION OF WINDOW CARE SYSTEMS. WE SHALL CONTINUE TO USE THEIR SERVICES IN THE YEARS TO COME."

RESIDENTIAL & COMMERCIAL SASH WINDOW CONTRACTORS

Over the last 35 years, Craft Decor has been asked to work on sash window repair and timber restoration projects of all sizes, in most types and ages of property.

We have fulfilled projects of 1 to 150 sash windows for both private and commercial developers throughout the South of England and have been selected as a 'Nominated Contractor' by both the National Trust & English Heritage.

We can organise all aspects of a project from associated trades to scaffolding - or work flexibly alongside other companies, as required. All operatives are CSCS Certified and we have achieved Quality Management & ISO 9000 certification.

Craft Decor delivers reliability, quality and proven results in sash window and timber restoration - a highly specialised trade and a dying art.

"WE REGULARLY USE CRAFT DECOR - THEIR RELIABILITY, CRAFTSMANSHIP AND ATTENTION TO DETAIL ALLOW US TO FOCUS ON MANAGING ONE OF THE LARGEST PROPERTY PORTFOLIOS IN THE UK..."

Sash Window Restoration

"...we would highly recommend that you contact some of our past customers to view examples of our work before making a firm decision..."
